## 8<sup>th</sup> Congress of the Federation of the International Danube Symposia on Diabetes Mellitus in Belgrade, Serbia

N. Schloot

Dear Colleagues,

On behalf of the Central European Diabetes Association/Federation of the International Danube Symposia on Diabetes Mellitus, it is our pleasure to announce that the 8<sup>th</sup> Congress of the Central European Diabetes Association/28<sup>th</sup> Symposium of the Federation of the International Danube Symposia of Diabetes Mellitus will take place at the Hyatt Regency Hotel, Belgrade, Serbia, July 4–6, 2013.

In continuation of the valuable tradition of the previous meetings, the 8<sup>th</sup> CEDA Congress/28<sup>th</sup> FID Symposium will be devoted to the comprehensive and in-depth analysis of the most up-to-date topics in diabetology, with special focus on both research and clinical practice within Central Europe. It is the specific aim to encourage broad interaction not only in the discussion after the lectures, but also during specific debate sessions and oral and poster sessions. All this will contribute to further development of the close cooperation between “old” and new countries supporting CEDA/FID symposia as tra-

ditional European conventions in the field of diabetes.

The beautiful city of Belgrade, as the venue of the 8<sup>th</sup> CEDA Congress/28<sup>th</sup>

FID Symposium, offers another unique experience along the Danube river. With the abundant historical heritage and the contemporary orientation towards European integration, the city of Belgrade will provide an ideal environment for the success of this meeting.

Thus, we cordially invite you to participate in the 8<sup>th</sup> CEDA Congress/28<sup>th</sup> FID Symposium and look forward to welcoming you to Belgrade.

For further information on the FID and membership please visit [www.donausymposium.de](http://www.donausymposium.de).
